

FIRE SEASON

Kentucky's fire seasons are Oct. 1 to Dec. 15 and Feb. 15 to April 30.

During the fire hazard seasons it shall be unlawful for any person to set fire to, or to procure another to set fire to, any flammable material capable of spreading fire, located in or within 150 feet of any woodland or brushland, except between the hours of 6:00 p.m. and 6:00 a.m., or when the ground is covered with snow. KRS 149.400.

This statute is intended to prevent forest fires by allowing outdoor burning only after 6 p.m. when conditions are less likely to cause a wildfire to spread.

Before you burn, find out if any burning restrictions or bans are in effect. Contact your local fire department or:

www.forestry.ky.gov (502) 564-4496
www.air.ky.gov (502) 782-6592

Don't let your burn pile start a wildfire!

Clear vegetation for 10 feet around your burn pile. Keep your fire small and controllable.

Be prepared just in case. Have a source of water (hose or bucket) and a shovel nearby.

Stay with your fire until it is dead out, even at night. Never leave your fire unattended.

If your burn pile starts a wildfire, you may have to pay for the cost of putting it out.
